issue. He will consult with another technician and call

could hear the caller without problems.

2229 - Julio & Techs calling back. Three (3) test calls  
again, which were a success. Will work on a permanent fix  
tonight.

Reports his 11 year old son was walking along the road at 1700 hrs. when a black suv slowed and occupants started yelling racial slurs out the window. Caller recognizes, due to the lapse in time and lack of any further description, nothing can be done at this time. Would just like a log note in case it happens again or to someone else. Has advised his son, if it should happen again, to call right away and attempt to get a plate and/or better description of the vehicle.
